PART 1

SUMMARY AND EXPLANATION

1. **THE CONSTITUTION OF THE HUMBERSIDE FIRE AUTHORITY (HFA)**

There is no formal obligation upon a Combined Fire Authority to adopt a Constitution. However, the HFA considers that a Constitution provides the most effective means to set out its governance arrangements and a framework for greater openness and engagement with our communities.

The Constitution brings clarity to role of the HFA and how decisions are taken. A bespoke committee structure has also been adopted.

This Constitution follows broadly the structure that has been adopted by most local authorities. In this way our communities should be familiar with the overall structure of a Constitution.

The Constitution is divided into 15 Articles which set out the basic rules governing the HFA's business. More detailed procedures, responsibilities and codes of practice are provided in separate parts, which follow the Articles.

Guidance upon the Constitution is readily available from the office of the Secretary to the HFA. The Constitution is accessible on the Authority's [website](#).

2. **HOW THE HUMBERSIDE FIRE AUTHORITY OPERATES**

Meetings are published and open to the public, although the public (and press) may be excluded when exempt or confidential information is to be discussed. You can find our schedule of meetings on the Authority's [website](#) or by contacting the Secretary (refer to Part 7 below).

Members have adopted a Code of Conduct to ensure high standards in the way they undertake their duties. The HFA's Governance, Audit and Scrutiny Committee is responsible for promoting and maintaining high standards of conduct, through arranging training and giving advice on matters relating to the Members' Code of Conduct. The Committee also deals with other ethical and probity matters, and advises the HFA upon corporate governance, audit and performance risk and programme management issues and also undertakes a scrutiny role in respect to HFA decision making and the implementation of policy at Humberside Fire and Rescue Service.

The HFA's Pension Board assists the HFA in its role as Scheme Manager of the Firefighters' Pension Scheme and to ensure the effective and efficient governance and administration of the Scheme.

In addition, the HFA may establish ad hoc committees. For example, in respect to the appointment of Senior Officers or to look into detail of a particular issue.

There is a scheme of delegated authority to the Chief Fire Officer & Chief Executive.

The HFA has also designated two Senior Officers as Monitoring Officer and S.151 Officer. Those roles are set down under Article 11.

To enable you to find out more about the work of the HFA and its committees, all agenda and papers are published in advance of each meeting. You can visit the Humberside Fire and Rescue Service Headquarters to view the papers or you can access the papers on the Authority's [website](#).

3. HOW DECISIONS ARE MADE

All decisions are made by the Fire Authority except those that may be delegated to its committees and Appeals Committee or to the Chief Fire Officer & Chief Executive under the Scheme of Delegations.

The Governance, Audit and Scrutiny Committee (Article 6) reviews performance and receives reports upon internal and external audit. The Committee also reviews and scrutinises decisions of the HFA, proposals of the HFA and the implementation of policy at Humberside Fire and Rescue Service and is responsible for setting its own annual work programme. The Governance, Audit and Scrutiny Committee also has a broader governance role as set down in Article 6. The Committee makes recommendations upon the enhancement of corporate governance.

The Pension Board (Article 10A) assists the HFA in its role as a Scheme Manager of the Firefighters' Pension Scheme. Such assistance is (a) to secure compliance with any Regulations or other legislation relating to the governance and administration of the Scheme, and any requirements imposed by the Pensions Regulator in relation to the Scheme, and (b) to ensure the effective and efficient governance and administration of the Scheme. The Pension Board shall have no delegated powers but may make recommendations to the HFA.

It is important that you read this Article in conjunction with the detailed Rules and Schedules that follow under Parts 3 to 9.

4. THE HUMBERSIDE FIRE AUTHORITY'S OFFICERS

The HFA employs Officers to provide advice, propose strategy and manage the day-to-day delivery of its services.

The Officers and Members work in partnership to give leadership.

Some Officers have a specific duty to ensure that the HFA acts within the law and uses its resources wisely. The role of Officers is particularly set out in Article 11 below.

Officers may be authorised by the full HFA to take decisions. The scope of these delegated powers is set out in the Scheme of Delegation in Part 3 of this Constitution.

5. THE PUBLIC – OUR COMMUNITIES

To encourage engagement and openness, this Constitution sets out your rights in your dealings with the HFA. These are set out in more detail in Article 3.

You have the right (subject to an appropriate fee, where specified) and subject to any statutory conditions or restrictions to:

- (a) Contact Members about any matters of concern to them relating to the functions of the HFA;
- (b) View, or for a fee, obtain a copy of the Constitution;

- (j) Complain if you consider that you have evidence which shows that a Member has not followed the HFA's Member Code of Conduct;
- (k) Inspect the HFA's annual accounts and make your views known to the HFA's External Auditor.

6. APPOINTMENT OF MEMBERS OF THE HUMBERSIDE FIRE AUTHORITY

Members of the HFA are not elected directly by the HFA. It is the four constituent unitary authorities of the HFA who nominate its Members on an annual basis as set out in Article 2 below.

7. SPECIFIED AMOUNTS

To keep this Constitution as up to date as possible and to avoid having to update the financial figures throughout the Constitution on an annual basis all such figures have been collected together and placed in Part 8. Part 8 will be updated annually or as the need arises. Therefore, throughout the Constitution where figures would normally have been inserted the expression "specified amount(s)" has been used.

Members of the public are expected to conduct themselves in a manner that is respectful, dignified and non-confrontational, when dealing with Members or Officers of the HFA. Equally, they are expected to show respect for things owned by the HFA. Failure to do so may require members of the public to be excluded from a meeting or any property owned by the HFA. The HFA asks that people remain polite and patient and, if necessary, use the complaints procedure if feeling upset or aggrieved. Any aggressive, intimidating, or discriminating behaviour will not be tolerated by the HFA.

3.3 DIVERSITY AND EQUALITY OF OPPORTUNITY

In all its dealings with members of the public, the HFA will endeavour to provide the highest level of services and aim to distribute those services fairly across the community except where they need to (or by law must) be targeted to meet special needs, regardless of age, gender, marital status, disability, ethnic and national origin, religious beliefs or sexual orientation.

Schedule 12A – Exempt Information

A Guide to Assessing and Applying the Public Interest Test

The public interest test requires that information should only be withheld under exemption if, in all the circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing information. The Secretary shall provide advice and guidance upon the test and the Rules under Section B above (particularly Rule 9).

Exemptions subject to the public interest test are as follows:

1. Information relating to any individual.
2. Information which is likely to reveal the identity of an individual.
3. Information relating to the financial or business affairs of any particular person (including the HFA holding that information)
4. Information relating to any consultations or negotiations or contemplated consultations or negotiations in connection with any labour relations matter arising between the HFA or a Minister of the Crown and employees of, or office holders under, the HFA.
5. Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings.
6. Information which reveals that the HFA proposes:
 - (a) to give under any enactment a notice under or by virtue of which requirements are imposed on a person; or
 - (b) to make an order or direction under any enactment.
7. Information relating to any action taken or to be taken in connection with the prevention, investigation or prosecution of a crime.

Information should not be withheld on the grounds of:

1. Potential embarrassment.
2. The seniority of officers involved in the subject matter.
3. The risk of the recipient misinterpreting information.
4. In weighing the public interest regard should be given to:
 - (a) a general public interest to information being available;
 - (b) disclosure of reasons for most decisions;
 - (c) contributing to the maintenance of social peace and order;
 - (d) contributing to the administration of justice and enforcement of law
 - (e) revealing and avoiding serious malpractice, impropriety, fraud or breach of public law;

 - (g) ensuring that regulatory functions are being adequately discharged;
 - (h) avoidance of waste or misuse of public funds;
 - (i) ensuring the public obtains value for money.
5. It may also be helpful to take into consideration that:
- (a) the public interest is not necessarily the same as that in which the public is interested;
 - (b) usually the public interest pertains to a fairly large group of people, but there is nothing to stop it applying to a single individual;
 - (c) factors that operate against disclosure include potential damage to community interests and the need to avoid damage to the proper working of the HFA at the highest level;
 - (d) factors which operate for disclosure include the need for accountability of the HFA and for individuals to know the reasons for decisions made that concern them.

The expected financial implications should include both part year and full year effects. In addition, if material changes are expected to occur in the longer term a financial assessment of these should be included. If necessary, the statutory authority to incur expenditure or raise income should also be included.

Rule 7 – Changes in Expenditure Levels

A detailed project appraisal must be undertaken, which meets the requirements of the Prudential Code for Capital Finance in Local Authorities, prior to the submission of scheme details to the HFA. This information must be presented in the format and at the time required by the S.151 Officer.
- 9.2 A project's inclusion in the Capital Programme does not provide any approval for the expenditure involved. Before any financial commitment is made:

(b) the arrangements for financing the capital expenditure involved will be determined by appraisals undertaken by the S.151 Officer in accordance with the Prudential Code.

9.3 When the HFA has given its approval, capital projects included in the programme may commence on or after the planned date for start without further approval unless this is required by Central Government or other outside bodies.

This report must give full details of the changes and reasons behind them, together with revised estimated capital and revenue costs.

12.2 Where the cost of a capital scheme exceeds the project cost (adjusted for subsequent price increases), or the approved cost for the year, by more than the specified amount, then the Chief Fire Officer & Chief Executive shall as soon as practicable submit a written report to the HFA.

Rule 13 – Review of Capital Projects

13.1 The Chief Fire Officer & Chief Executive and S.151 Officer will review the final cost and expected timing of payments on each approved item of capital expenditure and may amend those items if necessary. - 14.4 It is the responsibility of the HFA to approve the estimates. The Chief Fire Officer & Chief Executive, in consultation with the S.151 Officer, must report to the HFA on the financial effects of both the capital and revenue programmes proposed, together with other financial information relevant to setting the budget. The HFA shall consider this report, together with the recommendations of the Chief Fire Officer & Chief Executive and the S.151 Officer, and decide on the setting of the budget accordingly.
- 14.5 Where Central Government and other bodies require submissions of estimates of expenditure and income for future years, these will be made in accordance with plans and policies approved by the HFA. Any potential difficulties shall be reported in writing immediately to the S.151 Officer. The S.151 Officer may ask the Chief Fire Officer & Chief Executive to provide updates on performance against budgets.
- 17.3 The final accounts are based on the principle of recording only income and expenditure incurred during the financial year. The HFA will receive a final accounts report prepared

on an income and expenditure basis produced by the Chief Fire Officer & Chief Executive and S.151 Officer. Included in this report will be explanations of significant variations from the budget. The S.151 Officer will specify the format and timetable of the final accounts.

- 17.4 The Chief Fire Officer & Chief Executive is responsible for budgetary control within the HFA, subject to the overall supervision of the budgetary control process by the S.151 Officer. - 17.5 When the HFA receives a report under Rule 17.3, it must consider it, in conjunction with the views of the S.151 Officer before incurring expenditure or accepting reduced income. If the matter is extremely urgent and it is not practicable to wait for a meeting of the HFA, its approval must be requested at the earliest possible opportunity and the reasons for the urgency given.

 - (b) The value of a particular contract is worth more than the Specified Amount;
 - (c) The estimated potential risk to the HFA is above the Specified Amount;
 - (d) The Chief Fire Officer & Chief Executive reasonably determines that any failure to achieve the intended objectives of the contract would result in material disadvantage for the HFA;
 - (e) The matter is one which requires the advice of the Secretary, or the S.151 Officer under the Financial Procedural Rules (**FPRs**).

Rule 2 – Scope

- 2.1 These CPRs must be followed every time the HFA is to enter into a Contract (as defined below) for supplies, works or services.

- 2.3 A new procurement law regime came into force in February 2025. Procurements (and resulting contracts) started before 24 February 2025 (including resulting contracts and modifications to those contracts) continue to be regulated by the previous procurement regime. Any reference to the 'NPRs' shall be read as a reference to the previous rules when discussing such procurements and contracts.

They must also mitigate conflicts of interest and address circumstances which the contracting authority considers are likely to cause a reasonable person to wrongly believe there to be a conflict or potential conflict of interest ('perceived conflict of interest').
- 2.7 Officers of the HFA shall ensure that they declare any conflict of interest, potential conflict of interest or perceived conflict of interest which they have, or which they are aware of. If any is likely to arise, or if they have any connection in any manner whatsoever with a potential Contractor or Contract in their private lives, this will be made known to the Authorised Officer, or the Chief Fire Officer & Chief Executive who shall record the information on the Contract File (**CF**) and the Central Register (**CR**) of interests maintained by the HFA.

Rule 9 – Value of Contracts

- 9.1 The Authorised Officer must ensure that all reasonable steps are taken to estimate the maximum value payable under a Contract, using the methodology set out in Section 4 and Schedule 3 of the PA23. The value includes VAT, and includes any options to extend the Contract term, or options to supply additional goods/services/works. In cases where the HFA provides goods for use by the contractor in delivering the contract, the value of those goods must be included in the estimated value of the Contract.
- 9.2 A Contract's value must not be artificially under-, or over-estimated or divided into two or more separate Contracts with the intention of avoiding the application of the NPRs.

- 11.2 Where practicable, the Authorised Officer shall obtain at least three (oral or written) quotes from Contractors/bidders and produce a decision record for the award of the Contract.
- 11.3 Where it is not possible to invite three Contractors/bidders, the reasoning and justification for the decision to award the Contract will be recorded on the decision record form included in the CR. In that instance, the Authorised Officer may invite fewer than three Contractors/bidders or negotiate directly with one Contractor /bidder, if no alternative exists.
- 11.4 Unless otherwise approved by the S.151 Officer, all Contracts must be made on an Official Purchase Order Form, which shall make reference to the contract terms and conditions and the Specification.

11.5 These Contracts will be published on the website of the HFA.

Rule 12 – Contracts Valued Above £30,000 but not Above the NPRs thresholds

- 12.1 The Authorised Officer or Chief Fire Officer & Chief Executive shall decide whether to tender the contract using the Below Tender Threshold procedure or invite quotes from a closed group of suppliers or from targeted individual suppliers, provided that it does not advertise the procurement in any other way (e.g. local newspaper, or local website or portal).
- 12.2 Where the Authorised Officer or Chief Fire Officer & Chief Executive decide to tender the Contract using the Below Tender Threshold procedure, the Authorised Officer shall, in accordance with section 87 of PA23 and using the template in Regulation 5(3)(m) of PR 24, publish a “**below-threshold tender notice - BTTN**” for each Regulated sub-threshold Contract with an estimated value of not less than £30,000.
- 12.3 The BTTN shall state that the HFA intends to award a contract, and has to provide all the information listed in Regulation 24 of the PR24 as provided in section 95 of the PA23, including the nature and purpose of contract, and final submission date. Issuing the BTTN will be undertaken by the Authorised Officer using the Authority’s procurement portal. The timescales used shall be such that Contractors/bidders invited have an equal opportunity to quote. The Authorised Officer shall make available to all Contractors/bidders a copy of the draft contract terms and conditions and the Specification.
- 12.4 Any time limits provided for in a BTTN must be (a) reasonable, and (b) the same for each Contractor/bidder. The Authorised Officer must also include in the BTTN an explanation of the criteria against which the award of the Contract will be assessed, and a description of any conditions of participation in relation to the award of the Contract. The HFA is not obliged to include a pre-qualification stage in a procurement for a regulated sub -threshold Contract.
- 12.5 Where the Authorised Officer or Chief Fire Officer & Chief Executive decides to invite quotes from a closed group of suppliers, or from one or more targeted individual suppliers, he/she will seek written quotes from not less than three suppliers experienced in the supply of the required goods, works or services.
- 12.6 Where it is not possible to invite three such suppliers, the reasoning and justification for the decision to award the Contract will be recorded on the decision record form included in the CR. In that instance, the Authorised Officer may invite fewer than three Contractors/bidders or negotiate directly with one Contractor /bidder, if no alternative exists. At all times ensuring that the principles set out under Rule 1 and the FPRs are adhered to.
- 12.7 Unless otherwise approved by the S.151 Officer, all Contracts must be made on an Official Purchase Order Form, which shall make reference to the contract terms and conditions and the Specification. Authorised Officers shall make available to all Contractors/bidders a copy of the contract terms and conditions and the Specification, free of charge.
- 12.8 If no tenders are received, the Authorised Officer and/or the Chief Fire Officer & Chief Executive may undertake negotiations with one potential Contractor/bidder, where only one Contractor/bidder is available to tender. The negotiation shall be approved by the Secretary and the S.151 Officer. The Authorised Officer shall record in the CR all steps and decisions taken in the process, and the reasons for those steps and decisions.
- 12.9 Contract awards should be published on the HFA website within 90 calendar days after the Contract award date (i.e. the date on which the Contract was signed by the last contracting party).

Rule 13 – Contracts Above the NPRs Thresholds

- 13.1 Where the NPRs apply to an HFA requirement for works, supplies or services because of the value of the requirement:
- (a) The tender process shall be conducted in accordance with the NPRs;
 - (b) The Chief Fire Officer & Chief Executive will ensure the compliance of the HFA with NPRs in consultation with the Secretary;
 - (c) The HFA may use a third party Framework Agreement or a Dynamic Market that it has verified for Compliance with the NPRs and is eligible to use.
- 13.2 The Chief Fire Officer & Chief Executive shall, where reasonably practicable, assess the requirements of the HFA for the supply of goods, services or works for each following financial year so as to ascertain whether any procurement will be required in accordance with the NPRs that would necessitate the publication of a planned procurement Notice under Regulation 5(3)(a) of PR24, which refers to s.15 of PA23. The Chief Fire Officer & Chief Executive will need to publish a Pipeline Procurement Notice under Regulation 5(3)(y) of PR24, which refers to s.94(3) of PA23, if they forecast that the procurement spending of the HFA for the next financial year would exceed £100 million.
- 13.3 The Contract shall be tendered in accordance with the requirements of the NPRs and the Authorised Officer shall record all decisions taken in connection with the Contract award process and the reasons for those decisions in the CF and the CR.
- 13.4 The Authorised Officer shall determine whether the Open Procedure (**OP**), or the Competitive Flexible Procedure (**CFP**) shall be used and that decision shall be recorded in writing in the CF and the CR.
- 13.5 Before the commencement of any procurement process, the Authorised Officer shall consider the usefulness of a preliminary market engagement. If such engagement is considered useful, s/he shall use the relevant Notice to advertise it. The Authorising Officer shall commence the formal process by publishing a Tender Notice in accordance with Regulation 5(3)(c) of PR24 and Section 21 of PA23 (see below).
- 13.6 The OP will be the standard procedure to follow, unless the Authorised Officer considers that the CFP is a proportionate means of awarding the Contract, having regard to the nature, complexity and value of the Contract because (a) preselection of the Contractors/bidders to submit tenders is necessary and (b) there is a need to negotiate the initial tenders submitted.
- 13.7 The CFP will allow the Authorised Officer (a) to limit the number of participating Contractors/bidders, or decide (b) to refine the original award criteria (c) not permit the participation of suppliers that did not submit a tender in the first round of tendering or that were excluded following an earlier round. Where the Authorised Officer considers that the CFP may be appropriate s/he will first consult with the Secretary and S.151 Officer. All reports shall confirm compliance with these CPRs and the NPRs.
- 13.8 The relevant Tender Notice to be published on the CDP. The ITT needs to include the Specification, the Selection and Award Criteria/scoring methodology, the draft Contract and reference to the term of the Contract.
- 13.9 The Authorised Officer will follow the process set out in Rule 14.30 below.
- 13.10 Contracts with a value above NPRs thresholds shall only be awarded after the evaluation results are submitted for approval by the Authorised Officer to the Chief Fire Officer & Chief Executive, or to any HFA Officer with delegated authority to approve the results and the award of/sign the Contract. All evaluation results reports shall confirm compliance with the CPRs, FPRs and NPRs.

- 13.11 Where the HFA had authorised the Chief Fire Officer & Chief Executive (and any HFA Officer with delegated authority by the Chief Fire Officer & Chief Executive to do the same) to accept a Tender/award a contract, that would be possible only if the value of the tender/Contract does not exceed by more than 20% the sum originally approved by the HFA for the Contract at the pre-procurement or budget setting stage.
- 13.12 All Contracts shall be formalised, include the Specification and the tender submitted by the successful Contractor/bidder and be signed and executed by both Parties. The Contract shall be under seal if its value is above £500,000 or where it is so directed by the Secretary. For the HFA to sign, or seal a Contract, the Authorised Officer has to provide the Approval of its internal report requesting “approval to award” the Contract.

Rule 14 – Pre-Procurement Stage - Invitations to Tender and Pre-Qualification Stage – Evaluation of Tenders Submitted

Pre- procurement stage

- 14.1 If the Authorised Officer decide to conduct a pre-market engagement for any requirement the value of which is above the NPRs threshold, s/he can do that by publishing a preliminary market engagement notice under Regulation 5.3(b) PR24 and section 17.1(a) of PA23. Following the completion of the pre-market engagement, s/he needs to summarise the outcomes of the engagement and share them with all participating Contractors/bidders with the publication of the Invitation to Tender.

Pre-Selection Stage

- 14.2 A pre-selection stage should not be included in a procurement process the value of which is under the NPRs thresholds. Any shortlisting must be based on the information each of the Contractors/bidders has submitted in the Procurement Specific Questionnaire (PSQ). However, the HFA reserves the right under sections 26 and 27 of the PA23 not to accept tenders for contract opportunities the value of which is either above or below the NPRs thresholds from “**excluded**” (see section 57(1) of PA23) or “**excludable**” (see section 57(2) of PA23) or “**Debarred**” Contractors/bidders, or Contractors/bidders who satisfy the mandatory (**Schedule 6** of PA23), or discretionary (**Schedule 7** of PA23) grounds of exclusion, and shall notify accordingly any such Contractor/bidder under section 60 PA23.
- 14.3 The Authorised Officer may decide in certain instances to allow the Contractors/bidders to submit a solemn self-declaration that they are not an excluded, or excludable, or debarred person and that they do not satisfy any of the mandatory, or discretionary grounds for exclusion. The Authorised Officer may decide to verify the status of the successful Contractor/bidder under the SQ before awarding the contract to them. If the HFA discovers post-award that the successful Contractor/bidder made a false self-declaration, the HFA can terminate the Contract without further consequences for the HFA. The Authorising Officer needs to include this section of the Constitution in all procurement processes the HFA conducts either below or above the NPRs thresholds. Finally, the HFA may exclude Contractors/bidders for improper behaviour under section 30 of PA23.
- 14.4 Authorised Officers may set conditions of participation (i.e. conditions which must be met by a supplier if it is to be awarded the contract) in accordance with section 22 PA23. Conditions of participation must be included in the tender notice. Authorised Officers may use the PSQ, but it is no longer mandatory and may be deviated from. Authorised Officers must either:
- (a) Provide Contractors/bidders with a copy of the PSQ (containing all 3 parts) within the procurement documents; or
 - (b) Direct potential Contractors/bidders to an electronic version, and provide the standard selection questions separately in the procurement documents.

- 14.5 Authorised Officers should ensure that all the necessary self-declarations are included in the tender of the Contractors/bidders. A Part 1 and Part 2 declaration is mandatory from potential Contractors to declare that they have not breached any exclusion grounds, it's also needed of any organisations that potential Contractors rely on to meet the conditions of participation. These include: parent companies, affiliates, associates, or essential subcontractors.
- 14.6 If any potential Contractor/bidder, or organisation that the Contractor/bidder relies upon to meet the conditions of participation, has breached any of the exclusion grounds, then the Authorised Officers should provide the potential Contractor/bidder with an opportunity to explain how and what action they have taken to rectify the situation.
- 14.7 Deviations from the Contractor/bidder selection questions in Part 3 are permissible but must be signed off by the Section 151 Officer/Executive Director of Finance. Examples of deviations include:
- (a) Changes to the wording of the standard questions and instructions; and
 - (b) Additional questions that are included which are not specific to the individual procurement.
- 14.8 The following deviations must also be signed off by the Section 151 Officer/Executive Director of Finance:
- (a) Project specific questions;
 - (b) Simple amendments to make the questions compatible with an e-procurement system; and
 - (c) Standard questions which HFA decide to omit.
- 14.9 The report to the Section 151 Officer/Executive Director of Finance must include:
- (a) A covering letter/email explain the reasons for the deviations, demonstrating that they are relevant and proportionate and linked to the requirements of the contract and contract delivery; and
 - (b) A copy of the questions template or supplier selection process which clearly shows the deviations.
- 14.10 When procuring works, goods and/or services in respect of information and communications technology, facilities management or business processing outsourcing with a total anticipated contract value of £20 million or more, the Authorised Officers must establish conditions of participation relating to a Contractor's reliability as demonstrated by its performance of past contracts. This requirement also includes framework agreements where it is anticipated that there will be call-off agreements in respect of such goods and/or services with an individual anticipated value of £20 million or greater (excluding VAT). This includes:
- (a) that the Contractor's principal relevant contracts in the last three years are being or have been satisfactorily performed in accordance with their terms; or
 - (b) where there is evidence that this has not occurred in any case, that the reasons for any such failure will not recur if that Contractor were to be awarded the relevant contract.
- 14.11 When assessing the Contractor's past performance, Authorised Officers should accept references and certificates of past performances. Certificates of past performances are acceptable in email format. The form of the certificate can be found in Appendix F of PPN 04/15: [Procurement Policy Note 04/15: taking account of suppliers' past performance - GOV.UK](#)

- 14.12 Where the Authorised Officer establishes that one of the mandatory exclusion grounds in schedule 6 PA23 exists, it must exclude the bidder if it believes the circumstances are continuing or are likely to continue. Such grounds include, for example, where the bidder, or a connected person, has been convicted of a certain offence within a certain period.

Mandatory Exclusion for above NPRs Threshold

- 14.13 Where the Authorised Officer establishes that a bidder has been convicted of a certain criminal offence in UK national law (e.g. bribery, corruption, money laundering, terrorism related offences, proceeds of crime, drug trafficking, human trafficking, and modern slavery) it must exclude the Contractor.

Discretionary Exclusion

- 14.14 Authorised Officers may use their discretion to exclude bidders on a discretionary basis, if one of the discretionary exclusion grounds in schedule 7 PA23 applies in relation to the supplier or a connected person.
- 14.15 Authorised Officers must consider specific circumstances on a case-by-case basis before deciding whether or not to exclude a bidder. Authorised Officers must obtain final sign off from the Section 151 Officer/Executive Director of Finance before excluding any bidders under the discretionary exclusion grounds.
- 14.16 The Authorised Officers must not exclude the bidder from the procurement where the bidder provides sufficient evidence of “self-cleaning” (i.e. measures taken by the bidder are sufficient to demonstrate its reliability despite an exclusion ground applying). And where a supplier is only an excluded or excludable supplier by virtue of an associated person or intended subcontractor, the supplier must be given a reasonable opportunity to replace that person or subcontractor before exclusion.

Invitation to Tender (ITT)

Instructions to Contractors/bidders

- 14.17 The Invitation to Tender (ITT) shall state that no tender will be considered unless it is received by the date and time and in the manner stipulated in the ITT. Late Tenders will not be accepted. No tender delivered in contravention of the method stated in the Invitation to Tender shall be considered/evaluated. The ITT must state that the HFA is not bound to accept any tender.
- 14.18 All Contractors/bidders invited to tender must be issued with the same information at the same time and subject to the same conditions. Any supplementary information must be given on the same basis.
- 14.19 The ITT should be issued via the Procurement Portal system using the HFA’s standard document templates, where appropriate. Contractors/bidders will have the right to raise clarification requests with the HFA in relation to any procurement document, including the draft contract, which the HFA will endeavour to respond to promptly, share its response with all Contractors/bidders and allow sufficient time to Contractors/bidders to reflect on them and include their take in their tenders.

ITT Content

- 14.20 The ITT must contain:
- (a) The specification that describes the HFA's goods, service or works requirements in sufficient detail to enable the submission of competitive tenders, together with the draft contract terms and conditions and any KPIs ;

- (b) A requirement for the Contractor/bidder to declare that the Tender content, price or any other figure or particulars concerning the Tender have not been disclosed by the Contractor/bidder to any other party (except where such a disclosure is made in confidence for a necessary purpose);
- (c) A requirement for the Contractor/bidder to complete fully and sign all Tender documents including a form of Tender and certificates relating to canvassing and non-collusion;
- (d) The Award Criteria and conditions of participation, that are, in both cases, appropriate to the procurement. The Award criteria may relate to the subject-matter of the contract, must be sufficiently clear, measurable and specific, must not break the rules on technical specifications in section 56 of PA23, and must be a proportionate means of assessing tenders, having regard to the nature, complexity and cost of the contract. The Award criteria used must ensure that the HFA selects the most advantageous tender (**MAT**). The Authorised Officer may decide to use a Social Value award criterion depending on the nature of the HFA contracts requirements; in that case the Authorised Officer should have regard to PPN 06/20 (advisory) and National Procurement Policy Statement.
- (e) The Award Criteria/sub-criteria (and their weightings) to be used to evaluate the complete and compliant tenders received and an explanation of the tenders' evaluation process and a scoring methodology. In setting award criteria, the Authorised Officer must be satisfied that they:
 - relate to the subject-matter of the contract,
 - are sufficiently clear, measurable and specific,
 - do not break the rules on technical specifications in section 56 PA23, and
 - are a proportionate means of assessing tenders, having regard to the nature, complexity and cost of the contract;
- (f) Award Criteria must not include:
 - Non-commercial considerations
 - Matters, which discriminate against Contractors from the European Economic Area or signatories to the Government Procurement Agreement.

14.21 If the MAT criterion is adopted, it must be further defined by reference to sub-criteria, which may refer only to relevant considerations. These may include price, service, quality, running costs, technical merit, delivery date, cost effectiveness, relevant environmental considerations, aesthetic and functional characteristics (including security and control features), safety, after-sales services, technical assistance and any other relevant matters.

Evaluation process

14.22 No tender shall be evaluated, unless it is reviewed and its completeness is established and it addresses comprehensively the Specification and complies with the ITT Instructions to Tenderers.

14.23 Late Tenders will not be considered, unless extenuating circumstances exist which have been accepted by the Section 151 Officer, or the Secretary.

14.24 All tenders shall be opened at the same sitting and in the presence of the Secretary or S.151 Officer.

14.25 A record shall be kept of the tenders received and of their amount, except where the pricing of the contract is comprised of a schedule of rates in which case the amount is not recorded. A record shall also be kept of Contractors invited who have not tendered.

- 14.26 If the Authorised Officer, in co-operation with the Finance Director, is concerned that a tender price is abnormally low then it shall ask the Contractor/bidder to explain the prices or costs proposed in its tender.
- 14.27 In the course of the review of the tenders submitted and their evaluation, the HFA may raise tender clarification requests with the Contractors/bidders. Following the evaluation of all complete and compliant tenders, the Authorised Officer will need to compile an evaluation report including all the comments of each evaluator on each tender and each award criterion and sub-criterion. The Authorised Officer will then draft a report presenting the evaluation results and its decision to award the contract to the Chief Fire Officer & Chief Executive or to any officer the Chief Fire Officer & Chief Executive has delegated authority to review the results and decide to award the contract seeking their approval to award the contract the Contractor/bidder which submitted the most advantageous tender.
- 14.28 When the report seeking permission to award the Contract is approved, the Authorised officer will issue an **Assessment Summary** under section 50 of PA23 to each one of the Contractors/bidders who had submitted an evaluated tender, including information about the HFA's assessment of their tenders.
- 14.29 The Authorised Officer will then need, under section 50 of PA23, to publish a Contract Award Notice (**CAN**) (in accordance with Regulation 5(3)(k) and 27 of PR24) on the CDP and stand still for eight (8) working days from the publication of the CAN, before entering into the Contract with the successful Contractor.
- 14.30 Under section 53 PA23, the Authorised Officer must also publish on the CDP a "Contract Details Notice (CDN)" (in accordance with Regulation 5(3)(m) and 32 of PR24) to notify the market that it has entered into a public contract, before the end of a period of 30 days beginning with the day on which the contract is entered into.
- 14.31 Under section 95 of PA23, the CDN must include any other information specified in in Regulation 30 of PR24. If the estimated value of the public contract the HFA is entering into is more than £5 million, then the HFA/Authorised Officer must publish a copy of the Contract itself on the CDP before the end of the period of 90 days beginning with the day on which the Contract is entered into.

Rule 15 – Direct Awards

- 15.1 The HFA may award a contract directly to a Contractor under section 43 of PA23, provided that the Contractor is not an excluded or excludable Contractor, and s/he has declared that s/he is not subject to any mandatory or voluntary exclusion grounds, if: (a) the HFA has invited Contractors/bidders to submit tenders as part of, or requests to participate in, a competitive tendering procedure in respect of the Contract, and (b) the HFA has not received any suitable tenders, or requests to participate in response, and (c) the HFA considers that award under section 19 PA23 is not possible in the circumstances.
- 15.2 The direct award justifications are set out in **Schedule 5** of PA23.
- 15.3 Before awarding a Contract directly under section 43 PA23, the HFA must publish a Transparency Notice (**TN**). The TN must include (a) the HFA intention to award a Contract directly, (b) any other information specified in Regulations 5(3)(j) and 25 PR24 according to sections 44 and 95 of PA23.
- 15.4 Written justifications must be kept safe in a CF and the CR to show that the decision to make the direct award satisfies the PA23 conditions under Schedule 5 of PA23.
- 15.5 The Authorised Officer must ensure that when the HFA considers a direct award for its requirements it continues to achieve value for money, use good commercial judgement and sound decision making. Authorised Officers must perform an assessment of the above

tests before proceeding with the direct award, which will be subject to a report and the final approval from the Executive Director of Finance.

15.6 Authorised Officers must keep records of written justifications that satisfy the above tests.

Rule 16 – Contract Conditions

16.1 The HFA contracts shall be in writing and in a form discussed and approved by the Corporate Finance and Procurement Function of the HFA.

Rule 17 – Contract Signing - Contract Management – Payment of Invoices

17.1 An HFA contract can be signed by an HFA Officer who is authorised under the HFA Scheme of Delegations as detailed within Schedule 2 of these Contract Procedure Rules to sign the contract depending on its value.

17.2 The Contract must include provisions to ensure that accurate and reliable data is available during the contract term to enable the review of the performance of the Contractor.

17.3 The Contract must provide for an appropriate mechanism to be used to identify and manage risks.

17.4 Adopting a collaborative approach to managing change in contract delivery by working with the Contractor early enough to resolve issues such as quality of service delivery, volumes, performance requirements or KPIs, and pricing or payment mechanisms. The Contract must provide for an appropriate mechanism to be used to identify and manage risks.

17.5 Adopting a collaborative approach to managing change in contract delivery by working with the Contractor early enough to resolve issues such as quality of service delivery, volumes, performance requirements or KPIs, and pricing or payment mechanisms.

17.6 Ensure that resources are proportional to complexity and risk to manage the contract.

17.7 HFA needs to accept and process for payment any electronic invoice issued to the HFA for payment under the contract which is (a) in the required electronic form, and (b) not disputed by the HFA.

Rule 18 – Frameworks

18.1 HFA may establish frameworks in accordance with section 45 of PA23, or alternatively seek access to Frameworks established by other public authorities. Regard shall be had to Rule 1 prior to seeking access to a Framework established by another public authority.

18.2 Under s.47 of PA23 the term of a Framework must not exceed four years.

18.3 HFA will not establish a framework without the approval of the S.151 Officer, or the Secretary. The Authorised Officer will set out in an internal report for HFA's approval the rationale of establishing such a Framework.

18.4 Contracts based on Frameworks may be awarded either:

(a) Directly to a Contractor on the basis of the Terms & Conditions of the Framework (where such terms are sufficiently clear and precise); or

(b) Via a mini competition using a set of pre-agreed by the Suppliers Call-Off Terms & Conditions.

- 18.5 HFA may establish a dynamic market (DM) in accordance with sections 35 and 36 of PA23. Regard shall be had to Rule 1 prior to seeking access to a DM established by another public authority.

Rule 19 – Extending, Modifying or Novating a Contract during its Term

- 19.1 HFA may modify (according to section 74 PA23) a public contract, or a contract that, as a result of the modification, will become a public contract (a “**convertible contract**”), if the modification: (a) is a permitted modification under **Schedule 8** (permitted modifications) of PA23, (b) is not a “**substantial modification**”, or (c) is a below-threshold modification (**BTM**).
- 19.2 A “substantial modification” is a modification which would: (a) increase or decrease the term of the contract by more than 10 per cent of the maximum term provided for on award, (b) materially change the scope of the contract, or (c) materially change the economic balance of the contract in favour of the Contractor.
- 19.3 A modification is a BTM if: (a) the modification would not itself increase or decrease the estimated value of the contract by more than (i) in the case of a contract for goods or services, 10 per cent; (ii) in the case of a contract for works, 15 per cent and (b) the aggregated value of BTM would be less than the NPRs threshold amount for the type of contract, (c) the modification would not materially change the scope of the contract, and (d) the modification is not within paragraph 23.2 (a) to (c) above.
- 19.4 Before modifying/novating a public contract or a convertible contract, the HFA must publish a Contract Change Notice (**CCN**) in accordance with Regulations 5(3)(s) and 40 (provides for the content of a CCN) of PR24. A CCN should include that (a) the HFA intends to modify the contract; (b) any other information specified in Regulation 95 of PA23.
- 19.5 A CCN is not required, if: (a) the modification increases or decreases the estimated value of the contract by (i) in the case of a contract for goods or services, 10 per cent or less, and (ii) in the case of a contract for works, 15 per cent or less, or (b) the modification increases or decreases the term of the contract by 10 per cent or less of the maximum term provided for on award, unless the modification is a permitted modification under section 9 of Schedule 8 PA23 (novation or assignment on corporate restructuring).

Rule 20 - Procurement Documents Disclosure Publication Exemption

- 20.1 There are exceptions to the publication requirements above where the Authorised Officer considers that publication of the contract award information:
- (a) would impede law enforcement or would otherwise be contrary to the public interest;
 - (b) would prejudice the legitimate commercial interests of a particular Contractor; or
 - (c) might prejudice fair competition between Contractors.
- 20.2 Exemptions from publication are also permitted for the following reasons:
- (a) on national security grounds;
 - (b) on data protection grounds (e.g. names and contact information of individuals should not be published and instead should be redacted); and
 - (c) on commercial sensitivity grounds.
- 20.3 Authorised Officers must obtain prior approval from the Section 151 Officer/Executive Director of Finance before withholding contract award information as set out in Rules 20.1 and 20.2.
- 20.4 Where redacting names, the original copy of the contract should not be used, instead a duplicate copy should be made and to then redact the personal information and insert in

its place a statement indicating that the text has been redacted and identify the relevant exemptions set out by the Freedom of Information Act 2000 (e.g. redacted under FOIA section 40, Personal Information).

20.5 The following information could reasonably be withheld on grounds of commercial confidentiality:

- (a) Pricing - the way that the Contractor has arrived at the price they are charging including:
 - (i) individual pricing elements;
 - (ii) financial models and business plans including details of profit margins and overheads;
 - (iii) matters which enable the make-up of the bid to be determined; and
 - (iv) financial information which would affect the outcome of re-bid or future procurement etc.;

but this should not be grounds for withholding the contract value itself.

- (b) Intellectual property - elements of the bid which reveal intellectual property, for example:
 - (i) proprietary details of the solution that the contractor is deploying for government;
 - (ii) information that is the copyright of the Contractor;
 - (iii) elements of the bid (and evaluation documents) which reveal innovative or unique technical solutions and methodologies; or
 - (iv) elements of the bid (and evaluation documents) which reveal trade secrets.

20.6 The above is not an exhaustive list and each contract is to be considered on a case by case basis.

20.7 Only genuinely sensitive information should be withheld.

Rule 21 – Reserving Below Threshold Procurements

21.1 PA23 provides in section 20(9) that the HFA may, acting in accordance with sections 32 and 33 PA23, provide for the reservation of public contracts to (a) sheltered employment providers and (b) qualifying mutual societies. PA23 is silent on contracts the value of which is below the NPRs thresholds.

21.2 Authorised Officers may consider reserving the procurement by Contractor location, specifying that only Contractors from a geographical area may bid. For example, this could be UK-wide, although Authorised Officers should not specify by the nations of the UK. If a county is specified then Authorised Officers may only reserve the procurement to a single county. Contractor location should be described with reference to where the Contractor is based or established and has substantive business operations; and

21.3 Reserving the procurement for SMEs and/or Voluntary, Community and Social Enterprises (**VCSEs**) only.

21.4 The above options should be considered on a case-by-case basis and can be exercised on their own or together. Authorised Officers must obtain approval from the Section 151 Officer/Executive Director of Finance before seeking to reserve procurements under Rules 21.4.

- 21.5 Where reserving the procurement by location or Contractor type, Authorised Officers must ensure that the HFA continues to achieve value for money and must use good commercial judgement. The HFA should not direct award when reserving below threshold procurements.
- 21.6 Authorised Officers may still chose to complete below threshold contracts on an open basis, without any reservation based on Contractor type or location.
- 21.7 When reserving procurements, Authorised Officers must still comply with HFA's internal guidance, governance, and procedures.
- 21.8 When reserving procurements, Authorised Officers must comply with Rule 1.

Rule 22 – Procurement In an Emergency

- 22.1 Where HFA cannot award a public contract on the basis of a competitive tendering procedure because the goods, services or works are strictly necessary for reasons of extreme and unavoidable urgency. The Direct Award process as set out in section 41 of the PA23 must be followed.
- 22.2 The urgency is unavoidable if it is not attributable to any act or omission of the contracting authority and could not have been foreseen by the contracting authority.
- 22.3 The reference to being unable to award on the basis of a competitive tendering procedure means that the situation is so urgent that the contracting authority cannot comply with the timescales required for a competitive tendering procedure (even the shortened timescales permitted for urgency in section 54). The reference to the goods, services or works being 'strictly necessary' means that the contract awarded must only be used for obtaining the goods, services and works that are necessary to cope with the urgency of the situation and not for wider use or the longer term; a separate procurement should be commenced if the goods, services or works are required for the longer term.

Direct Award to Protect Life

- 22.4 Under Section 42 (Direct award to protect life, etc) HFA may allow specified contracts to be directly awarded as though a direct award justification (under section 41) applies. In this case, the justification will only apply where secondary legislation (regulations) has been made authorising the direct award. Secondary legislation may only be made where a Minister of the Crown considers it necessary to protect human, animal or plant life or health, or to protect public order or safety.
- 22.5 The purpose of this provision is to ensure procurements can be carried out quickly and in full knowledge in emergency circumstances, even if the circumstances leading to the event are foreseeable (which would rule out the extreme urgency justification for direct award contained in 22.1).
- 22.6 It is envisaged that direct awards by this means will be a rare occurrence, and should secondary legislation be made, contracting authorities will be alerted through a Procurement Policy Note (PPN) or other suitable means.
- 22.7 Authorised Officers must obtain authority from the Section 151 Officer/Executive Director of Finance before performing a procurement under Rule 22.
- 22.8 Authorised Officers must ensure that when undertaking procurement in an emergency that it continues to achieve value for money, use good commercial judgement and sound decision making.

22.9 Authorised Officers must keep proper records of any decisions made during any procurement process performed pursuant to Rule 22 and insert them into the CF.

ADDITIONAL REQUIREMENTS AND CONSIDERATIONS

1. SECURITY CLASSIFICATIONS

- 1.1 Authorised Officers will need to consider whether contracts contain sensitive information and whether the contracts should be classified in accordance with the Government's Classification Policy.
- 1.2 Authorised Officers should assess contracts on a case by case basis and adopt a measured and pragmatic approach to aligning with the new classifications. Risk and value for money should be taken into consideration.
- 1.3 The classifications are:
 - OFFICIAL;
 - SECRET; and
 - TOP SECRET.
- 1.4 It's suggested that contact and tender information published should be marked as OFFICIAL.
- 1.5 Information that is commercially sensitive is suggested to be marked OFFICIAL SENSITIVE.
- 1.6 Government information that is attached to ITTs or contracts that if shared present a significant risk should be marked either SECRET or TOP SECRET, as appropriate following an assessment of the information to be shared

2. INVOICING

- 2.1 Undisputed invoices must be paid in accordance with the payment terms of the contract and in any event within 30 days from the date of receiving the later of Contractor's invoice; receiving the goods/services; or verification or acceptance of the goods or services.
- 2.2 Authorised Officers should accept "unstructured" electronic invoices if Contractors choose to submit such invoices.
- 2.3 Future contracts must not prohibit e-invoicing, or include terms which implicitly or explicitly require invoices only in paper form.
- 2.4 The above requirements are not required where certain security requirements or handling measures are in place to deal with the processing of e-invoices for reasons of national security.
- 2.5 If a Contractor decides to submit an e-invoice, HFA are to require Contractors to be aware of the requirements of VAT Notice 700/63 and any subsequent VAT Notice in relation to e-invoicing.
- 2.6 Ensure acceptance of undisputed invoices that comply with the e-invoicing standard.

3. WHISTLEBLOWING

- 3.1 If an individual is concerned about perceived wrongdoing within a procurement activity then they should in the first instance refer to HFA's Whistle-blowing Procedure.

CONFLICTS OF INTEREST IN PROCUREMENT

1. Conflict of interests – see Part 5 of PA 23 and Regulations 81 to 83 PA23

- 1.1 A conflict exists where relevant staff members have direct or indirect financial, economic or other personal interest which might be perceived to compromise their impartiality and independence in the procurement process.
- 1.2 HFA should ensure that all commercial interactions, pre and post contract, are suitably protected, as personal interest risk influencing decision-making.
- 1.3 Conflicts of interest in public procurement fall into 3 categories:
 - Actual conflict - a conflict between the public duty and private interest of a public official, in which the public official has private-capacity interest which could improperly influence the procurement decision-making process (e.g. a person owns shares in a company and the company takes part in a procurement panel which the person is a member of the evaluation panel).
 - Potential conflict - arises where a public official has private interest which are such that a conflict of interest would arise if the official were to become involved in relevant (e.g. conflicting) official responsibilities in the future.
 - Perceived conflict - can be said to exist where circumstances are such that it could reasonably appear that a public official's private interest could improperly influence the procurement decision-making process but this has not in fact occurred (e.g. a senior person within the department has known connection with a company that is taking part in a procurement process; however, they have no direct involvement in the procurement or influence over the award decision).
- 1.4 HFA must take appropriate measures to effectively prevent, identify and remedy conflicts of interest arising in the conduct of procurement procedures, so as to avoid any distortion of competition and to ensure equal treatment of all Contractors.
- 1.5 When a conflict of interest arises during the procurement process HFA should consider it on a case by case basis, and remedies will vary following consideration of the circumstances, but it is recommended that the conflicted staff member is removed from the organisation's team engaged in the procurement process.
- 1.6 Any measures taken by HFA in relation to an internal conflict of interest should be documented and included in a procurement report.
- 1.7 Where a bidder has acted in an advisory capacity to the procurement procedure the following steps should be taken by HFA:
 - Ensure that competition is not distorted by the participation of that bidder;
 - It must communicate to other bidders any relevant information exchanged in the context of or resulting from the involvement of the bidder in preparation for the procurement process and setting adequate time limits for the receipt of tenders;
 - The bidder should only be excluded from bidding where there is no other way to treat all bidders equally;
 - If bidder is to be excluded then the bidder must be given an opportunity to provide their previous involvement would not be capable of distorting competition;
 - Any measures taken by the contracting authority should be documented in a procurement report; and
 - To manage conflicts the contracting authority should have an internal framework of procedure and guidance including appropriate checks and balances. An effective framework will include:

1.8 Declarations of interests

- Relevant persons (i.e. a person within HFA who has the opportunity or perceived opportunity to influence decision making) should be asked to complete a conflict of interest declaration form, which confirms whether or not an actual or perceived conflict exists or whether such a conflict has the potential to exist in the future.
- Declarations must be updated once a new interest arises.
- If a relevant person is likely to access commercially confidential data from a bidder as part of the procurement then an undertaking of confidentiality should be given.
- If partners (married, civil partnership or not), siblings or children work for or have a major interest in a bidder or potential bidder then this must be declared. This is not an exhaustive list.
- When a declaration is being made by a relevant person they should consider the following:
 - Nature of the interest – could it compromise or be perceived to compromise their impartiality and independence.
 - Relevance of the interest – is the connection between the interest and procurement procedure sufficiently close to assume that a conflict exists.
 - Scope in the interest – whether an interest should be declared even though it extends beyond the defined scope of partners, siblings and children (i.e. if a close friend was a CEO of a bidding company).
- If the person making the declaration is uncertain then they should seek advice and/or err on the side of full disclosure.
- If an individual is regularly involved in procurements then a declaration should be refreshed annually.
- If an individual is involved in a new procurement then they should declare their interests at the preparation and planning stage.
- Declarations should be audited and monitored in accordance with the relevant data protection legislation.

1.9 Conflict identification and resolution

- The role of managing conflicts should be agreed at the preparation and planning stage, the Section 151 Officer/Executive Director of Finance will need to ensure that conflicts of interests have been considered and the necessary declarations are obtained. The Section 151 Officer/Executive Director of Finance is responsible for managing the disclosure of procurement information and conflicts of interest, including the approval of any mitigating actions.
- Conflicts will primarily be highlighted through declarations, but they might also be highlighted through the media, open data sources, or whistleblowing.
- A record of any conflicts should be produced for procurement to which that requirement applies (i.e. an above threshold public-contract and framework agreement is awarded) and should be kept. Records should include the nature and category of the interest (actual, potential, and perceived), any remedy or action and the rationale for doing so.
- As a minimum, reviews should be undertaken at key stages in the commercial lifecycle and should be signed off by the accounting officer or an appointed nominee.

1.10 Audit and sanctions

- HFA are responsible for assuring the integrity of their management of conflicts of interest and may include an audit of their internal process, internal data, commercial data, commercial decisions and contract

implementation. Audits should be independent and outside the commercial team.

1.11 Supply-side requirements

- HFA should satisfy themselves that bidders have equivalent systems in place to prevent, identify, and remedy conflicts of interest. They should assure themselves that bidders have ethical codes which address conflicts in place and a conflict of interest policy. The level of assurance should be proportionate to value, nature and complexity of the procurement.
- Bidders should be routinely asked to make a declaration that they are unaware of any conflicts of interest.

1.12 Special situations

- HFA should have suitable provisions in place to address conflicts in situations such as direct awards and pro-bono work.

Definitions

In this Code of Conduct:-

Member means a member or co-opted member of the fire authority; “co-opted member” is defined in the Localism Act 2011 Section 27(4) as “a person who is not a member of the authority but who

(a) is a member of any committee or sub-committee of the authority, or;

(b) is a member of, and represents the authority on, any joint committee or joint sub-committee of the authority;

(c) and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee”.

This includes members of the Governance Audit and Scrutiny committee.

Relative means Spouse, Civil partner, any person with whom you are living as a spouse or civil partner, parent, grandparent, child, grandchild or sibling.

Purpose of the Code of Conduct

You are a representative of the Fire Authority (the Authority) and the public will view you as such. Therefore your actions impact on how the Authority as a whole is viewed and your actions can have both a positive and negative impact on the Authority.

The public expect Councillors to act in an open and transparent manner, which reinforces public confidence in the Authority

Application of the Code of Conduct

This Code applies to you as a Councillor on the Fire Authority when you act in your role as a Councillor. It is your responsibility to comply with the provisions of this Code.

This Code of Conduct applies to you when you are acting in your capacity as a Councillor which may include when:

- you misuse your position as a Councillor
- Your actions would give the impression to a reasonable member of the public with knowledge of all the facts that you are acting as a Councillor;

and references to your official capacity are construed accordingly.

The Code applies to all forms of communication and interaction, including:

- at face-to-face meetings
- at online or telephone meetings
- in written communication
- in verbal communication
- in non-verbal communication
- in electronic and social media communication, posts, statements and comments.

Your Monitoring Officer has statutory responsibility for the implementation of the Code of Conduct, and you are encouraged to seek advice from your Monitoring Officer on any matters that may relate to the Code of Conduct.

Where you act as a representative of the Authority:

- on another relevant authority, you must when acting for that other authority, comply with that other authority's code of conduct; or
- on any other body, you must, when acting for that other body, comply with your Authority's code of conduct, except and insofar as it conflicts with any other lawful obligations to which that other body may be subject.

Standards of Member conduct

This section sets out your obligations, which are the minimum standards of conduct required of you as a Member. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.

Guidance is included to help explain the reasons for the obligations and how they should be followed.

1. You must treat others with respect and courtesy.

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a Member, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in Members. In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening you are entitled to stop any conversation or interaction in person or online. Intimidatory or threatening behaviour which may amount to a criminal offence can be reported to the Police. You may also report any such behaviour to the relevant social media provider. This also applies to fellow Members, where action could then be taken under the Code of Conduct, and authority employees, where concerns should be raised in line with the protocol for member and officer relationships.

2. You must not bully or harass any person.

3. You must not do anything which may cause the Authority to breach any equality laws.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Members have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services

4. You must not conduct yourself in a manner that could reasonably be regarded as bringing your office or Authority into disrepute.

As a Member, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other Members and/or the Authority and may lower the public's confidence in you or the Authority's ability to discharge your/its functions. For example, behaviour that is considered dishonest and/or deceitful can bring the fire authority into disrepute.

You are able to hold the fire and rescue service and fellow Members to account and are able to constructively challenge and express concern about decisions and processes undertaken by the Authority whilst continuing to adhere to other aspects of the Code of Conduct.

5. You must not

a. Disclose information:

- i. given to you in confidence by anyone**
- ii. acquired by you which you believe, or ought reasonably to be aware, is of a confidential nature,**
- iii. which consists of the personal data of another person, unless**
 - 1. You have received the consent of a person authorised to give it;**
 - 2. You are required by law to do so;**
 - 3. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or**
 - 4. the disclosure is:**
 - a. reasonable and in the public interest; and**
 - b. made in good faith and in compliance with the reasonable requirements of the local authority; and**
 - c. You have consulted the Monitoring Officer prior to its release.**

- b. Improperly use knowledge gained solely as a result of your role as a Councillor for the advancement of you, your close associates, members of your family, your employer or your business interests.**

Prevent anyone from getting information that they are not entitled to by law.

The Authority must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the Authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

6. You must act solely in the public interest and not use, or attempt to use, your position as a Member improperly to confer or secure for yourself or any other person an advantage or disadvantage.

Your position as a Member provides you with certain opportunities, responsibilities and privileges, and you make choices all the time that will impact others. However, you should

not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly

7. You must not do anything which compromises, or is likely to compromise, the impartiality of those who work for, or on behalf of, Humberside Fire and Rescue Service.

Officers work for the Fire and Rescue service as a whole and must be politically neutral. They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

8. You must not misuse the resources of the Authority

9. When using the resources of the Authority or authorising their use by others you must:

- a. act in accordance with the Authority's requirements
- b. ensure that such resources are not used improperly for political purposes (including party political purposes)

You may be provided with resources and facilities by the Authority to assist you in carrying out your duties as a Member.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport
- access and use of Authority buildings and rooms.

These are given to you to help you carry out your role as a Member more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the Authority's own policies regarding their use.

10. You must –

- a. undertake Code of Conduct training provided by your Authority.
- b. co-operate with any Code of Conduct investigation and/or determination.
- c. comply with any sanction imposed on you following a finding that you have breached the Code of Conduct.

11. You must not –

- a. intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.
- b. make any trivial or malicious complaint against any other Member alleging a breach of any of the provisions of this Code of Conduct.

It is extremely important for you as a Member to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the Authority or its governance. If you do not understand or are concerned about the Authority's processes in handling a complaint you should raise this with your Monitoring Officer.

12. You must within 28 days of receipt, register offers of gifts or hospitality with a value of £25 or more which have been offered to you in your capacity as a Councillor from any person or body other than the authority.

13. You must not accept gifts and hospitality regardless of value where it may lead any reasonable person with knowledge of the relevant facts to believe that you might be influenced by the gift or hospitality given.

In order to protect your position and the reputation of the Authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a Member. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a Member, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a Member. If you are unsure, do contact your Monitoring Officer for guidance.

14. You must before the end of 28 days beginning on the day on which you become a Member or within 28 days of any change in an interest or becoming aware of any new interest notify the Monitoring Officer of:

a. The following Pecuniary Interests of yourself, your spouse or civil partner, any person with whom you are living as husband or wife or any person with whom you are living as if they were a civil partner:

- i. Any employment, office, trade, profession or vocation carried on for profit or gain.**
- ii. Any payment or provision of any other financial benefit (other than from the council) made to the councillor during the previous 12-month period for expenses incurred by him/her in carrying out his/her duties as a councillor, or towards his/her election expenses. This includes any payment or financial benefit from a trade union within the meaning of the Trade Union and Labour Relations (Consolidation) Act 1992.**
- iii. Any contract made between the councillor or his/her spouse or civil partner or the person with whom the councillor is living as if they were spouses/civil partners (or a firm in which such person is a partner, or an incorporated body of which such person is a director* or a body that such person has a beneficial interest in the securities of*) and the council — (a) under which goods or services are to be provided or works are to be executed; and (b) which has not been fully discharged.**
- iv. Any beneficial interest in land which is within the area of the council. 'Land' excludes an easement, servitude, interest or right in or over land which does not give the councillor or his/her spouse or civil partner or the person with whom the councillor is living as if they were spouses/ civil partners (alone or jointly with another) a right to occupy or to receive income.**
- v. Any licence (alone or jointly with others) to occupy land in the area of the council for a month or longer**
- vi. Any tenancy where (to the councillor's knowledge) — (a) the landlord is the council; and (b) the tenant is a body that the councillor, or his/her spouse or civil partner or the person with whom the councillor is living as if they were spouses/ civil partners is a partner of or a director* of or has a beneficial interest in the securities**of.**
- vii. Any beneficial interest in securities** of a body where — (a) that body (to the councillor's knowledge) has a place of business or land in the area of the council; and (b) either — (i)) the total nominal value of the securities** exceeds £25,000 or one**

hundredth of the total issued share capital of that body; or (ii) if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which the councillor, or his/ her spouse or civil partner or the person with whom the councillor is living as if they were spouses/civil partners has a beneficial interest exceeds one hundredth of the total issued share capital of that class.

* 'director' includes a member of the committee of management of an industrial and provident society.

** 'securities' means shares, debentures, debenture stock, loan stock, bonds, units of a collective investment scheme within the meaning of the Financial Services and Markets Act 2000 and other securities of any description, other than money deposited with a building society.

b. The following Non-Pecuniary interests of yourself:

 - a. exercising functions of a public nature**
 - b. directed to charitable purposes or**
 - c. whose principal purposes include influence of public opinion of policy (including any political party or trade union) of which you are a member or in a position of general control or management**

15. You need only notify the Monitoring Officer of any interests of which you are aware pursuant to paragraph 13 above.

16. Where the nature of the interest is such that you consider that the disclosure of the interest could lead to you or a person connected with you being subject to violence or intimidation, (and the Monitoring Officer agrees) details of the interests will not be included in any published version of the register of interests save that the register will state you have an interest the details of which are withheld under section 32(2) of the Localism Act 2011.

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of members of the Authority. You need to register your interests so that the public, employees of the Fire and Rescue Service and fellow Members know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a meeting, but it can be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other councillors when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a pecuniary interest as set out at paragraph 13 above is a criminal offence under the Localism Act 2011.

Actions on Interests

17. Where a matter arises at a meeting which directly relates to one of your Pecuniary Interests as set out at paragraph 13 above, you must disclose the

interest, not participate in any discussion or vote on the matter and must leave the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a pecuniary interest.

18. You have a non-pecuniary interest in any business of the authority where either:

- a. it is likely to affect any of the bodies listed in paragraph 13 (b) above;
- b. it is likely to affect any person or body from whom you have within the last six years and in your capacity as a Member accepted an offer of gifts or hospitality with a value of £25.00 or more, or
- c. the decision in relation to that business might reasonably be regarded as affecting your wellbeing, or financial position, or the wellbeing or financial position of a relevant person to a greater extent than the majority of other Council tax payers, rate payers or inhabitants of the Ward affected by the decision.

19. A relevant person is:

- a. A relative or any person with whom you have a close association, or
- b. A person or body who employs or has appointed such persons any firm of which they are a partner or any company of which they are Directors.

20. Where you have a non-pecuniary interest in any business of the Authority, and you attend a meeting of the Authority at which that business is considered you must disclose to that meeting the existence and nature of that interest at the commencement of that consideration or when the interest becomes apparent.

21. Paragraph 19 only applies where you are aware or ought reasonably to be aware of the existence of the interest.

22. Where you have an interest but by virtue of paragraph 15 it is not registered in the Authority's register of interests you must indicate you have a non-pecuniary interest but need not disclose the sensitive information to the meeting.

23. Subject to sub-paragraph (a) below where you have a non-pecuniary interest in any business of the Authority you also have a prejudicial interest in that business where the interest is one which a member of the public with knowledge of the relevant facts would reasonably regard as so significant that it is likely to prejudice your judgement of the public interest

- a. You do not have a prejudicial interest in any business of the authority where that business relates to the functions of your Authority in respect of –
 - i. an allowance, payment or indemnity given to members;
 - ii. setting the precept under the Local Government Finance Act 1992

24. Where a matter arises at a meeting in which you have a prejudicial interest, you must disclose the interest, not participate in any discussion or vote on the matter and must leave the room. Where you have an interest but by virtue of paragraph 15 it is not registered in the Authority's register of interests you

must indicate you have a prejudicial interest but need not disclose the sensitive information to the meeting.

General Principles – Why a code is needed

1. The HFA is a large public authority, which expects the highest standards of conduct and integrity, both from its Senior Officers as well as from all of its employees who work within the Humberside Fire and Rescue Service. The HFA is mindful of the high expectations of the public and the degree of scrutiny to which its affairs are subjected. It has therefore determined that the culture and tone of the organisation should embody the FRS Code of Ethics.

Integrity

- We act with integrity including being open, honest, and consistent in everything that we do.

Dignity and respect

- We treat people with dignity and respect, making decisions objectively based on evidence, without discrimination or bias.

Leadership

- We are all positive role models, always demonstrating flexible and resilient leadership.
- We are all accountable for everything we do and challenge all behaviour that falls short of the highest standards.

Equality, diversity, and inclusion (EDI)

- We continually recognise and promote the value of EDI, both within the FRS and the wider communities in which we serve.
- We stand against all forms of discrimination, create equal opportunities, promote equality, foster good relations, and celebrate difference.

In addition, honesty, fairness and opposition to any form of corruption and dishonesty. It follows that every director, manager and employee has a duty to ensure their actions are ethically correct and in the best interest of the service and the communities we serve.

Code of Conduct

2. The HFA Principles of Good Conduct for Employees is set out in Schedule 1 to Part 5. This should be read in conjunction with this Section B.

Accountability

3. This Code of Conduct sets out the standards of conduct and behaviour that the HFA expects from all directors, managers and employees at all times. You should always act in accordance with the principles set out in this Code, recognising the duty of all public sector employees to discharge public functions reasonably and according to the law.

Political Neutrality

4. Even if you are in a post that is not designated as ‘politically restricted’, you must follow the policies of the HFA and not allow your own personal or political opinions to interfere with your work. Where you are politically restricted post-holder (by the

nature of the work you do, or the salary you are paid), you must comply with any statutory restrictions on your political activities.

Relations with Members, the Public and Other Employees

5. Mutual respect between you as an employee of the HFA and elected Members is essential to good governance, and working relationships should be kept on a professional basis.
6. You should deal with the public, Members and other employees sympathetically, efficiently, and without bias.

Equality and Diversity

7. At all times you should comply with policies relating to equality and diversity, as agreed by the HFA, in addition to the requirements of the law.

Stewardship

8. You must ensure that you use the public funds that are entrusted to you in a responsible and lawful manner as directed by the Financial Procedure Rules. Additionally, you must not utilise property, vehicles or other facilities of the HFA for personal use unless you are specifically authorised to do so.

You must not misuse your official position or information acquired by you in the course of your employment to further either your private interests, or the interests of others. In particular, you must comply with:
 - (a) the HFA's requirements for the registration and declaration of any financial and non-financial interest;
 - (b) the HFA's policies on the declaration of hospitality or gifts offered to or received by you, from any person or organization doing or seeking to do business, or otherwise benefiting or seeking to benefit from a relationship with the HFA. As a general principle, you must not accept benefits from a third party unless authorised to do so by the HFA.

Whistleblowing

10. If you become aware of activities which you believe to be illegal, improper, unethical or otherwise inconsistent with this Code, you should report the matter, acting in accordance with your rights under the Public Interest Disclosure Act 1998, and with the HFA's Whistle-blowing Procedure.

Treatment of Information

11. Openness in the dissemination of information and decision-making should always be the norm as regards the functions of the HFA. However, certain information may be confidential or sensitive and therefore not appropriate for a wider audience. Where confidentiality is necessary to protect the privacy or other rights of individuals or bodies, information should not be released to anyone other than an elected Member, another HFA employee or any other person who is entitled to receive it, or needs to have access to it for the proper discharge of their functions. Nothing in this Code can be taken as overriding existing statutory or common law obligations to keep certain information confidential, or to divulge certain information.

Appointment of Staff

12. If you are involved in the recruitment and appointment of staff you must ensure that appointments are made on the basis of merit. In order to avoid any possible accusation of bias, you must not be involved in any appointment, or any other decisions relating to discipline, promotion or pay and conditions for any other employee, or prospective employee, to whom you are related, or with whom you have a close personal relationship outside work.

SECTION C - PENSION BOARD - CONFLICTS OF INTEREST POLICY

1. Introduction

- 1.1. The Public Service Pensions Act 2013 (“the 2013 Act”) requires that any member of a pension board must not have a conflict of interest, which is defined as a “financial or other interest which is likely to prejudice the person’s exercise of functions as a member of the board (but does not include a financial or other interest arising merely by virtue of membership of the scheme or any connected scheme).”³
- 1.2. The 2013 Act sets out the legal requirements for scheme managers and pension boards in relation to conflicts of interest.
 - 1.2.1. Scheme managers must be satisfied:
 - 1.2.1.1. That a person to be appointed as a member of the pension board does not have a conflict of interest⁴; and
 - 1.2.1.2. From time to time, that none of the members of the pension board has a conflict of interest⁵.
 - 1.2.2. Pension board members must provide the scheme manager with such information as they reasonably require for the purposes of meeting the legal requirements in relation to conflicts of interest⁶.
 - 1.2.3. The pension board must include employer representatives and member representatives in equal numbers⁷.
- 1.3. ‘The 7 principles of public life’ (attached at Appendix A) should be applied to all pension board members in the exercise of their functions.

2. What is a conflict or potential conflict?

- 2.1. Conflicts of interest may arise when pension board members must fulfil their legal duty to assist the scheme manager⁸ and at the same time, they have either:
 - 2.1.1. A separate personal interest (financial or otherwise);
 - 2.1.2. Another responsibility in relation to that decision, giving rise to a possible conflict with their first responsibility.
- 2.2. Legal duties include securing compliance with:
 - 2.2.1. Scheme regulations;
 - 2.2.2. Other legislation relating to the governance and administration of the scheme;
 - 2.2.3. Requirements imposed by the regulator; and
 - 2.2.4. Any other matter for which they are responsible.
- 2.3. Actual conflicts of interest are those which actually materialise, and are likely to prejudice a pension board member’s exercise of their functions. Where an actual conflict exists, there is a risk that the board member could be biased in favour of a particular decision which favours their interests, or they could place undue weight on the arguments opposing their interests in an attempt to address the conflict. This bias could be conscious or unconscious.
- 2.4. Actual conflicts of interest are prohibited by the 2013 Act, and cannot be managed. Only potential conflicts of interest can be managed.

³ Section 5(5) of the 2013 Act.

⁴ Section 4(a)(i), *ibid.*

⁵ Section 4(a)(ii), *ibid.*

⁶ Section 5(4)(b), *ibid.*

⁷ Section 5(4)(c), *ibid.*

⁸ Section 5(2), *ibid.*

2.5. Potential conflicts of interest may arise where a person has dual interests and responsibilities which may conflict with their role as pension board member but either:

- 2.5.1. The potential conflict has yet to materialise into an actual conflict; or
- 2.5.2. The person declares it, and it is managed so that it does not materialise into an actual conflict.

2.6. Examples of potential conflicts of interest are listed at Appendix B.

3. Identifying and recording potential conflicts

3.1. All appointments to the Pension Board will be kept under review by the Scheme Manager.

3.2. All members of the Pension Board must declare to the Scheme Manager on appointment and at any such time as their circumstances change any potential conflict of interest arising as a result of their position on the Pension Board. This includes any potential conflicts of interest that:

- 3.2.1. Exist already;
- 3.2.2. May arise in the future;
- 3.2.3. Are perceived by others whether or not they are conflicts of interest.

3.3. If the pension board suspects any conflict of interest it should report its concerns to the Scheme Manager.

3.4. The pension board shall record all potential conflict of interests in a register of interests (attached at Appendix C).

3.5. Education on identifying and dealing with conflicts of interest will be included as part of the training requirement in the knowledge and understanding policy and framework⁹.

4. Monitoring potential conflicts

4.1. The register of interests will be circulated to the Pension Board and the Scheme Manager for ongoing review, and for publication on the Humberside Fire & Rescue Service website.

4.2. Conflicts of interest will be included as an opening agenda item at Pension Board meetings, and revisited during the meeting where necessary.

4.3. Discussions about conflicts, details of conflicts reported, and actions taken regarding conflicts will be recorded in the Pension Board minutes.

5. Managing potential conflicts

5.1. The action taken will depend upon the nature and severity of the conflict. Any actual conflict cannot be managed, and must be reported to the Scheme Manager.

5.2. Possible courses of action in relation to potential conflicts include:

- 5.2.1. The conflicted Pension Board member taking no part in the discussion of the matter giving rise to the conflict;
- 5.2.2. The conflicted Pension Board member leaving the meeting for some or part of the time;
- 5.2.3. A sub-committee being established, excluding the conflicted Pension Board member, to consider the matter outside of the formal meeting (where the terms of reference permit this to happen);

⁹ Article 10A.10 of the Humberside Fire Authority Constitution

- 5.2.4. The Scheme Manager seeking independent legal advice as to the way in which to manage the conflict;
 - 5.2.5. The Scheme Manager seeking independent advice from other professionals, for example an accountant or actuary, on the matter in question.
- 5.3. Where the conflict of interest is considered to be so fundamental that it cannot be effectively managed, or where a Pension Board member has an actual conflict of interest as defined in the 2013 Act, the individual will be required to resign from their position on the Pension Board.

THE 7 PRINCIPLES OF PUBLIC LIFE

1. Selflessness

Holders of public office should act solely in terms of the public interest.

2. Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

3. Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

4. Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

5. Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

6. Honesty

Holders of public office should be truthful.

7. Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

EXAMPLES OF POTENTIAL CONFLICTS OF INTEREST

1. Investing to improve scheme administration versus saving money

An employer representative, who may be a Permanent Secretary, finance officer or local councillor, is aware that system X would help to improve standards of record-keeping in the scheme, but it would be costly to implement. The scheme manager, for instance a central government department or local administering authority, would need to meet the costs of the new system at a time when there is internal and external pressure to keep costs down. In order to meet the costs of the new system, the scheme manager would need to find money, perhaps by using a budget that was intended for another purpose. This decision could prove unpopular with taxpayers. A conflict of interest could arise where the employer representative was likely to be prejudiced in the exercise of their functions by virtue of their dual interests.

2. Outsourcing an activity versus keeping an activity in-house

In an extension of the previous example, a member representative, who is also an employee of a participating employer, is aware that system X would help to improve standards of record-keeping in the scheme, but it would mean outsourcing an activity that is currently being undertaken in-house by their employer. The member representative could be conflicted if they were likely to be prejudiced in the exercise of their functions by virtue of their employment.

3. Representing the breadth of employers or membership versus representing narrow interests

An employer representative who happens to be employed by the administering authority and is appointed to the pension board to represent employers generally could be conflicted if they only serve to act in the interests of the administering authority, rather than those of all participating employers. Equally, a member representative, who is also a trade union representative, appointed to the pension board to represent the entire scheme membership could be conflicted if they only act in the interests of their union and union membership, rather than all scheme members.

4. Assisting the scheme manager versus furthering personal interests

4.1. A pension board member, who is also a scheme adviser, may recommend the services or products of a related party, for which they might derive some form of benefit, resulting in them not providing, or not being seen to provide, independent advice or services.

4.2. A pension board member who is involved in procuring or tendering for services for a scheme administrator, and who can influence the award of a contract, may be conflicted where they have an interest in a particular supplier, for example, a family member works there.

5. Sharing information with the pension board versus a duty of confidentiality to an employer

An employer representative has access to information by virtue of their employment, which could influence or inform the considerations or decisions of the pension board. They have to consider whether to share this information with the pension board in light of their duty of confidentiality to their employer. Their knowledge of this information will put them in a position of conflict if it is likely to prejudice their ability to carry out their functions as a member of the pension board.

SECTION D – PROTOCOL RELATING TO THE DUTIES OF THE MONITORING OFFICER AND S.151 OFFICER

The Monitoring Officer and S.151 Officer undertake to discharge their statutory responsibilities outlined in this Constitution, which will enhance the reputation of the HFA. The role of the statutory officers is set down in Article 11.

- (e) In carrying out any investigation (whether under rules or otherwise) the S.151 Officer and Monitoring Officer will have unqualified access to any information held by the HFA and any employee who can assist in the discharge of their functions.
- (f) The Monitoring Officer will be responsible for preparing a training programme for Members on the ethical framework subject to the approval of the HFA on the recommendation of the Governance, Audit and Scrutiny Committee.

SECTION E – COMPLAINTS PROCEDURE

POLICY STATEMENT

1. It is the policy of Humberside Fire and Rescue Service to take seriously all complaints and concerns made by members of the public and to thoroughly investigate them.
2. Whilst the Humberside Fire and Rescue Service is committed to providing a quality service and continually strives to meet public expectations, from time to time things can go wrong or are perceived by others to have gone wrong. When this happens we will:
 - (a) Treat all complainants with respect and dignity and deal with their complaint in a fair and sympathetic manner;
 - (b) Deal with the complaint swiftly, thoroughly and impartially and with confidentiality;
 - (c) View the complaint as a useful source of information about how others see us, and how we are serving the public;

- (d) Adopt a positive approach by using the complaint as an opportunity to improve the service we provide;
 - (e) Provide an effective response and ensure, where possible, the cause of the complaint is addressed.
3. Complaints can be a useful source of information about how others see us and how we are serving our customers. Whether the complaint is justified or not, the person making the complaint feels aggrieved with the Humberside Fire and Rescue Service. Dealing with complaints courteously and effectively can do much to restore the complainant's confidence in the Humberside Fire and Rescue Service in the future.
 4. Likewise, compliments are a useful source of information as to how satisfied others are with the service we provide.
 5. Whilst it is important to treat complaints seriously, compliments should be treated in a similar fashion.

SECTION F – ANTI-FRAUD AND CORRUPTION

WHISTLE BLOWING

1. The Authority has approved an Anti-Fraud and Corruption Policy, together with a Whistleblowing Policy.
2. You will find these policies on the HFA website at www.humbersidefire.gov.uk.
3. The HFA recognised its responsibility for the spending of public money, the folding of public assets and ensuring that the Service at all times acts lawfully. The policies exist to provide an effective means by which legitimate concerns can be raised and investigated.
4. The HFA will ensure that the rights of people raising legitimate concerns are properly protected.
5. The HFA's general belief and expectation is that those associated with it (Officers, Members, service users, contractors and voluntary bodies) will act with honesty and integrity. In particular, Members and Officers will lead by example and will be accountable for their actions.
6. You are encouraged to make use of the policies and help the Authority to ensure that potential fraud, corruption or breaches of legislation are identified quickly and remedied. For guidance in the first instance, you may wish to speak with either the Secretary/Monitoring Officer or the S.151 Officer.

SECTION G – PROTOCOL FOR MEMBER AND OFFICER RELATIONSHIPS

1. INTRODUCTION

- 1.1 The purpose of this protocol is to guide Members and Officers of the HFA in their relations with one another and with employees of the Fire and Rescue Service in such a way as to ensure the smooth running of the HFA.
- 1.2 The basis of the protocol is common-sense, openness and trust. It is not designed to stifle or temper any genuine disagreement about policy or strategy but rather to clarify the mechanics of running the HFA. At the heart of the protocol is the importance of mutual respect.
- 1.3 Given the variety and complexity of such relations, the protocol does not seek to be either prescriptive or comprehensive. It simply offers guidance on some of the issues that most commonly arise.
- 1.4 The protocol should ensure that Members of the HFA receive objective and impartial advice and that Officers are protected from accusations of bias and any other undue influence from Members.
- 1.5 The protocol also seeks to reflect the principles underlying the Codes of Conduct that apply to Members and Officers.
- 1.6 Advice on the interpretation of this protocol should be obtained from the Secretary or Monitoring Officer (if different Officers).
- 1.7 The following paragraphs outline the most commonly occurring situations.

2. OFFICERS' ADVICE TO MEMBERS AND PARTY GROUPS

- 2.1 It must be recognised by all Officers that they serve the HFA as a whole and not any part of the HFA, political groups or individual Member.
- 2.2 Whilst it is recognised that political groups will give preliminary consideration to matters of HFA business in advance of such matters being considered by the relevant decision making body and Officers may be requested to advise such groups, those Officers must at all times maintain political neutrality. The rules for group briefings shall be as set out in paragraph 7.1 of this protocol.
- 2.3 Officers in dealing with individual Members must treat them all in a fair and even handed manner.
- 2.4 The following key points must be understood by both Members and Officers:
 - Officer support must not extend beyond providing information and advice in relation to matters of HFA business.
 - Officers must not be involved in advising on matters of party political business and must not be present at meetings or parts of meetings when party business is discussed.
 - Party group meetings are not empowered to make decisions on behalf of the HFA and decisions made thereat must not be interpreted or acted upon as such.
 - Officers advice to a party group meeting in relation to a matter of HFA business cannot act as a substitute for providing advice and information to the relevant decision making body.

- The Chief Fire Officer & Chief Executive/Secretary/S.151 Officer will determine which officers attend party group meetings and will attend personally where they consider that appropriate.
- 2.5 Officers may not attend or give advice to group meetings which include persons who are not Members of the HFA, as such persons are not bound by the HFA's Code of Conduct.
 - 2.6 Groups may request private briefings from the Chief Fire Officer & Chief Executive/ Secretary/S.151 Officer on specific issues and these will remain confidential to the Group making the request. It remains the responsibility of the Chief Fire Officer & Chief Executive/Secretary/S.151 Officer to exercise their professional judgement and to make sure that all relevant matters are brought to the attention of the Authority or relevant Committee(s) and that information is not suppressed or distorted. When the Chief Fire Officer & Chief Executive/Secretary/S.151 Officer receive a request for such a briefing the appropriate Group Secretaries will be informed of the subject area but not of the details of the actual discussion that took place.
 - 2.7 It must not be assumed by any party group or Member that any officer is supportive of any policy or strategy because of that officer's assistance in the formulation of that policy or strategy.
 - 2.8 Any particular cases of difficult or uncertainty in this area of officer advice to party groups should be raised with the Chief Fire Officer & Chief Executive/ Secretary/S.151 Officer who will discuss them with the relevant Group Secretaries.

3. SUPPORT SERVICES TO MEMBERS AND PARTY GROUPS

- 3.1 The only basis on which the HFA can lawfully provide support services (e.g. stationery, typing, printing, photocopying, transport, etc.) to Members is to assist them in discharging their role as Members of the HFA. Such support services must therefore only be used on HFA business. They should never be used in connection with party political or campaigning activity or for private purposes.

4. OFFICER/CHAIRPERSON RELATIONSHIPS

- 4.1 Whilst it is acknowledged that there should be a close working relationship between Chairperson/Vice Chairperson of the HFA/Chairpersons of Committees and Officers, such relationships should not be allowed to bring into question the officer's ability to deal impartially with other Members.
- 4.2 It must be recognised that there are circumstances where officers will be under a professional duty to submit a report to the HFA or a Committee without the agreement of Members.
- 4.3 Where the HFA or any Committee delegates authority to an Officer to make a decision in consultation with relevant Members it must be recognised that the Officer must make the decision, having taken into account the views of the Members consulted, and be accountable for it.
- 4.4 Officers are responsible to the Chief Fire Officer & Chief Executive/ Secretary/S.151 Officer and whilst they will always seek to assist a Member they must not exceed the authority given to them by the Chief Fire Officer & Chief Executive/ Secretary/S.151 Officer.

5. CORRESPONDENCE

- 5.1 Where correspondence between an individual Member and an Officer contains confidential or exempt information that information must not be released to any other person without the consent of the writer.

- 5.2 Official letters on behalf of the HFA should be sent in the name of the appropriate Officer, rather than in the name of a Member. It will be appropriate in limited circumstances (e.g. representations to a Government Minister) for a letter to appear in the name of a Member, but this should be the exception rather than the norm. Letters which, for example, create obligations or give instructions on behalf of the HFA should never be sent out in the name of a Member.
- 5.3 It is the responsibility of the Member to clear and sign any letter produced for signature.

6. GUIDELINES FOR THE INVOLVEMENT OF LOCAL MEMBERS

- 6.1 Appropriate local Members should be informed as a matter of routine of:
- 'Sensitive' issues within their areas involving, for example, items which may appear in the press;
 - Major incidents covered by an Emergency Plan.;
 - Events organised by the Humberside Fire and Rescue Service within their area (e.g. Fire Station 'Open Days').

Notification of issues must be done by the quickest means which should include e-mail.

- 6.2 In addition the Chief Fire Officer & Chief Executive/Secretary/S.151 Officer will regularly brief Group Secretaries on issues.

7. BRIEFING OF MEMBERS

- 7.1 The following arrangements will apply to briefings for Members.

Chairperson/Vice Chairperson of the Authority Agenda Briefings	These meetings are normally held at least 10 days before the HFA meeting. The Chairperson and Vice Chairperson of the HFA and the Chief Fire Officer & Chief Executive/ Secretary/S.151 Officer or their representatives will attend.
Group Briefings	Any group may ask for a briefing on any HFA related (not party political) issue at any time through the Chief Fire Officer & Chief Executive/Secretary/S.151 Officer when any matter will be discussed in general terms without revealing to the Group being spoken to any specific information that has been requested by another Group who have had a similar briefing. When the Chief Fire Officer & Chief Executive/ Secretary/S.151 Officer receives the request for such a briefing, the Group Secretaries will be informed of the subject area but again, not of the details of the actual discussions that took place.
Full HFA Briefing	During the year, there will be arranged a number of Member Days.

8. PUBLICITY

- 8.1 When the HFA is asked to respond by the media to a new initiative or event which has not yet been debated by the HFA or a Committee, it shall be the practice to refer the media to the Group Secretaries and when responding they should make it clear that they speak on behalf of their individual Groups,

unless they have already agreed a common approach to the particular issue or event under discussion.

- 8.2 When the issue or event has been before a Committee or the HFA, the media should be able to speak to the Chairperson of the meeting, Group Secretaries or officers.
- 8.3 The Chief Fire Officer & Chief Executive/Secretary/S.151 Officer may deal with any request for information or questions from the media and may accept invitations to broadcast or appear on television in order to give the facts of a situation or explain the HFA's policies.
- 8.4 The Chief Fire Officer & Chief Executive/Secretary/S.151 Officer shall have authority to approve and issue all official publicity, press statements and official communications relating to their sphere of responsibilities.

9. MATTERS RELATING TO OFFICER CONDUCT OR CAPABILITY

- 9.1 A Member must not raise matters relating to the conduct or capability of an officer in a manner which is incompatible with paragraph 2.2 of this protocol. Any matters of concern should be raised initially with the officer concerned. If that fails to resolve the issue, the matter should be raised with the Chief Fire Officer & Chief Executive. If the concern relates to the Chief Fire Officer & Chief Executive the matter should be raised with the Chair of the Authority who will deal with the matter in line with the Chief Fire Officer's contract and the Service's Conduct and performance Policy.
- 9.2 If a Member remains dissatisfied after the procedure outlined in 9.1 above, the matter should be raised with the Secretary.
- 9.3 Any action taken against an officer as a result of a complaint will be dealt with in accordance with the HFA's disciplinary rules and procedure.
- 9.4 Officers should not raise with a Member matters relating to the conduct or capability of another Officer or the management of a service unit.

10. MATTERS RELATING TO MEMBER CONDUCT

- 10.1 Where an Officer feels that they have not been properly treated with respect and courtesy by a Member, he should raise the matter with the Chief Fire Officer & Chief Executive/S.151 Officer/ Secretary as appropriate.
- 10.2 In these circumstances, the Chief Fire Officer & Chief Executive/S.151 Officer/Secretary will either:
 - (i) take appropriate action to resolve the complaint by discussing the matter with the individual Member and/or Group Secretary, or
 - (ii) refer the matter to the Governance, Audit and Scrutiny Committee.
- 10.3 This section should be read in conjunction with the HFA's Code of Conduct for Members.

The Humberside Fire Services (Combination Scheme) Order 1995

Made	4th December 1995
Coming into force	5th December 1995

Whereas it appears to the Secretary of State that it is expedient in the interests of efficiency that a combination scheme should be made for the areas of the fire authorities referred to in paragraph 3 of the scheme set out in the Schedule hereto ("the scheme"), and a scheme has not been submitted to him by those authorities;

And whereas the Secretary of State has been notified by the fire authorities concerned of their assent to the scheme;

And whereas a draft of the Order containing the draft scheme has been laid before Parliament for a period of forty days pursuant to section 6 of the Statutory Instruments Act 1946^[2], and that period has expired without either House resolving that the Order be not made;

Now, therefore, in exercise of the powers conferred upon him by sections 6, 8 and 10 of the 1947 Act, and section 7(2) of the Fire Services Act 1959^[3], the Secretary of State hereby makes the following Order:

(2) Each member of the Authority shall be appointed by a constituent authority from its own members in accordance with this Part.

12. Each constituent authority shall, so far as is practicable, appoint such number of representatives to be members of the Authority as is proportionate to the number of local government electors in its area in relation to the number of such electors in each of the other constituent authorities' areas.

13. A member of the Authority shall come into office on the date of his appointment and shall, subject to paragraphs 14 to 16, hold office for such period or periods as shall be determined by the constituent authority which appoints him.

(4) On a casual vacancy occurring in the office of chairman or, if a vice-chairman has been elected, the vice-chairman, the Authority shall elect from its members a person to replace the chairman, and may so elect a person to replace the vice-chairman, as the case may be.

(5) The election to replace the chairman under sub-paragraph (4) above shall take place not later than the next following ordinary meeting of the Authority.

18. The first meeting of the Authority shall be held as soon as it is practicable to do so and shall be convened by the Chief Executive of East Riding of Yorkshire District Council, and subsequent meetings shall be convened in such a manner as the Authority shall determine.

20.—(1) The following provisions of the Local Government Act 1972^[6], namely sections 82(1), 94 to 98, 101 to 106, 99 and Part VI of Schedule 12 shall, subject to sub-paragraph (2), apply to the Authority and its members as if references in those provisions to a principal council or to a local authority, other than references to a parish council, were references to the Authority.

(2) Section 101(6) of the Local Government Act 1972 shall have effect, by virtue of sub-paragraph (1), as if for the words "levying, or issuing a precept for, a rate" there were substituted the words "assessing or varying the contributions to be paid into the combined fire service fund by the constituent authorities".

PART IV

COMBINED FIRE SERVICE FUND

21.—(1) Each constituent authority shall, in respect of each financial year, pay into the combined fire service fund, in accordance with the provisions of this paragraph, a contribution equal to its appropriate proportion of the net expenses of the Authority in respect of that year.

(2) The Authority shall, before 31st December in any year, submit to each constituent authority an estimate of its net expenses for the next financial year, and shall subsequently, before 15th February, give notice to each constituent authority of the amount of the contribution to be paid by that authority under this paragraph in the next financial year.

(3) Subject to sub-paragraphs (4) and (5), each constituent authority shall, at such intervals as are agreed between it and the Authority, make an interim payment into the combined fire service fund of such an amount as is so agreed on account of the said contribution.

(4) Subject to sub-paragraph (5), if a constituent authority and the Authority fail to agree, or subsequently disagree, as to the intervals at which payments should be made under sub-paragraph (3) or as to the amounts of such payments, each payments shall, until the end of the financial year or subsequent agreement between the two authorities, whichever is sooner—

(a) be made on the first working day of each month, and

(b) be of such an amount as would, if added to payments of an equal amount made on the first working day of each remaining month of the financial year, equal the outstanding balance of the contribution to be paid by the constituent authority under this paragraph.

(5) Notwithstanding the provisions of sub-paragraphs (3) and (4) any payments made under those sub-paragraphs shall be made at such times, and shall be of such amounts, as are at all times sufficient to enable the financial obligations of the Authority to be met.

(6) The Authority may, after consultation with each constituent authority, revise the estimate referred to in sub-paragraph (2) at any time before the end of the financial year to which that estimate relates and shall, as soon as is practicable, give notice in writing to each constituent authority of the revised amount of the contribution to be paid by that authority under this paragraph.

(7) Where a constituent authority receives notice under sub-paragraph (6) above the interim payments payable thereafter under sub-paragraphs (3) or (4) above shall, subject to sub-paragraph (5) above, be so increased or reduced as to adjust to the difference.

(8) If the Authority makes arrangements with any constituent authority under paragraph 10 for the making of payments on behalf of the Authority by that constituent authority, the interim payments to be made by that constituent authority under this paragraph shall, subject to sub-paragraph (5), take into account payments made by that constituent authority on behalf of the Authority.

(9) For the purposes of this Paragraph the net expenses of the Authority, in respect of any financial year, shall be the amount of its expenditure in respect of that year less all income which is credited to the combined fire service fund in respect of that year, other than contributions paid or payable under sub-paragraph (1), but may, for the purposes of preparing the estimate referred to in sub-paragraph (2) and if the Authority so resolve, include such amount or amounts as the Authority consider

appropriate with a view to minimising any upward revision of an estimate under subparagraph (6).

(10) In this Paragraph—

"appropriate proportion" means the proportion of the total amount of the constituent authorities' council tax base which is represented by the council tax base of the constituent authority in question;

"council tax base" means the council tax base for the year calculated by the Secretary of State for the Environment for Revenue Support Grant purposes in accordance with the local government finance report for that year made under section 78A of the Local Government Finance Act 1988^[7];

"financial year" means the period of twelve months beginning on 1st April; and

"working day" means a day other than a Saturday or a Sunday, Good Friday, Christmas Day or a day which is, or is to be observed as, a bank holiday, or a holiday under the Banking and Financial Dealings Act 1971^[8] in England and Wales.

22. The Authority shall have the power to pay out of the combined fire service fund compensation to persons employed by the Council of the County of Humberside who in consequence of this scheme, or anything done thereunder, suffer direct pecuniary loss by reason of the determination of their appointments or the diminution of their emoluments.

PART V

OFFICERS AND EMPLOYEES OF THE AUTHORITY

23. There shall be transferred—

(a) to the fire brigade members of the fire brigade maintained by the Council of the County of Humberside, and

(b) to employment by the Authority persons employed by that council wholly or mainly for the purposes of the fire brigade maintained by that council.

24. The following provisions of the Local Government Act 1972, namely sections 114, 115, 116, 117(1), (2) and (3), 118 and 119, shall apply to the officers and employees of the Authority as if references in those provisions to a local authority, other than references to a parish council, were references to the Authority.

PART VI

PROPERTY, RIGHTS AND LIABILITIES

25. There shall be transferred from the Council of the County of Humberside to the Authority any property which is held by that council solely in connection with the provision of fire services, and rights and liabilities held or incurred by that council in respect of—

- (a) any contract of employment with a person transferred in accordance with paragraph 23;
- (b) the Firemen's Pension Scheme as set out in Schedule 2 to the Firemen's Pension Scheme Order 1992^[9]; and
